The Air Quality and Transportation Conformity team in my office and the FHWA Resource Center Air Quality Team have reviewed air quality and transportation information pertinent to potential PM₁₀ and MSAT air quality impacts associated with the US 395 North Corridor Project in Spokane, Washington.

The analysis of this information is provided on the following pages and should be sufficient for the FHWA Division office to determine the relative effects of the project on PM₁₀ and MSAT impacts in the project area.

For additional information, please contact Karen Perritt on Karen.Perritt@dot.gov or 202-366-9066 or Cecilia Ho on Cecilia.Ho@dot.gov or 202-366-9862.
