Dear Mr. Juell:

We have reviewed the materials forwarded to our office for the SR 520 Eastside Transit and HOV project. Thank you for your description of the area of potential effect (APE) for the project. Re: NOT Eligible

Dear Ms. Walker Gray:

Thank you for contacting the Washington State Department of Archaeology and Historic Preservation (DAHP). The following properties have been reviewed on behalf of the State Historic Preservation Officer under provisions of Section 106 of the National Historic Preservation Act of 1966 (as amended) and 36 CFR Part 800.

2879 Evergreen Point Rd
2831 Hunts Point Rd
3001 Hunts Point Circle
8305 Hunts Point Circle
8311 Hunts Point Circle
8315 Hunts Point Circle
3208 92nd Ave NE

My review is based upon documentation contained in your communication.

Research indicates that the above referenced properties are not currently listed in the Washington Heritage Register or National Register of Historic Places. The referenced property is NOT ELIGIBLE for the National Register of Historic Places under criterion C. As a result of this finding, further contact with DAHP is not necessary. However, if additional information on the property becomes available, or if any archaeological resources are uncovered during construction, please halt work in the area of discovery and contact the appropriate Native American Tribes and DAHP for further consultation.

Thank you for the opportunity to review and comment. If you have any questions, please contact me.

Sincerely,

DAHP concurrence on Determinations of Eligibility

Dear Dr. Brooks:

Thank you for your office's letters dated April 15, 2009 and May 18, 2009 regarding Determinations of Eligibility (DOEs) for the above-referenced project. The purpose of this letter is to acknowledge your office's concurrence on WSDOT's DOEs for all historic resources within the APE.

In his letters, Russell Holter of DAHP concurred with our determination that three historic resources within the APE are eligiblie for listing in the National Register: the Arntson House, Bellevue Christian School, and Burger Master. His two letters acknowledge your office's concurrence that the remaining 62 historic resources within the APE are not NRHP eligible. Please note that one inventoried resource – 3001 Hunts Point Circle – is no longer extant.

We continue to evaluate this project's effects on the historic properties within the APE. We appreciate your participation in this project, and look forward to continuing

consultation. If you have any questions at this time, or would like additional information, please contact me at 206-716-1138 or grayc@wsdot.wa.gov.

Sincerely,
