

# Washington State Department of Transportation

The WSDOT Eastern Region consists of the seven northeast counties in the state.

## LEGEND

- ARRA/TIGER
- Highway Facility Enhancement
- Paving
- Chip Seal
- Interstate Route
- U.S. Route
- State Route

This project map and list was created in December 2014, prior to the 2015 Legislative session. It is subject to change.

Need more information on these projects? Go to: [www.wsdot.wa.gov/Regions/Eastern/projects](http://www.wsdot.wa.gov/Regions/Eastern/projects)

For weekly construction updates go to: [www.wsdot.wa.gov/Regions/Eastern/ConstructionUpdate](http://www.wsdot.wa.gov/Regions/Eastern/ConstructionUpdate)

# 2015 Eastern Region Construction Projects

- 1. NSC/BNSF Railway Realignment and Ped/Bike Trail Extension:** Realign mainline and spur railroad tracks and build two freeway bridges. Also extend pedestrian/bike trail from Freya Street into the Hillyard area and build two pedestrian bridges. Start: Under construction. Complete: Late 2015.
- 2. US 2/Spotted Road to Interstate 90 (MP 279-283):** Upgrades ITS communications system to fiber optic cable. Start: Summer 2015. Complete: Late 2015.
- 3. US 195/Colfax to Dry Creek Road (MP 37-44):** Grind out existing roadway surface and repave with Hot Mix Asphalt, plus additional minor items. Start: Spring 2015. Complete: Summer 2015.
- 4. US 195/Excelsior Road to Interstate 90 (MP 87-96):** Grind concrete pavement in southbound freeway lanes to remove studded tire ruts and replace broken concrete slabs. Start: Spring 2015. Complete: Late 2015.
- 5. US 195/Plaza to Cornwall Road (MP 70-81):** Grind out existing roadway surface and repave with Hot Mix Asphalt, plus additional minor items. Start: Spring 2015. Complete: Summer 2015.
- 6. US 195/SR 27 to Babbit Road (MP 20-29):** Grind out existing roadway surface and repave with Hot Mix Asphalt, plus additional minor items. Start: Spring 2015. Complete: Summer 2015.
- 7. SR 290/Sullivan Road to Idaho State Line (MP 10-18):** Grind out existing roadway surface and repave with Hot Mix Asphalt, plus permanent striping and rumble strips from Wellesley Y to the Idaho line. Start: Spring 2015. Complete: Summer 2015.
- 8. 2015 Eastern Region Chip Seal:** Resurface roadway sections noted below with Bituminous Surface Treatment. Start: Late Spring 2015. Complete: Mid-summer 2015.
  - a. US 2/Spokane County Line to SR 211 (MP 315- 321)
  - b. SR 20/Okanogan County Line to Republic (MP 297-302)
  - c. SR 20/Tiger to Ruby Mountain Rd. (MP 390-404)
  - d. SR 20/Ruby Mtn. Rd. to Pend Oreille Mill (MP 404--422)
  - e. SR 21/SR 20 to Canada Border (MP 162-191)
  - f. SR 27/Palouse to Garfield (MP 16-25)
  - g. SR 206/Bruce Road to Mt. Spokane State Park (MP 3-15)
  - h. US 395/Boyd's to Canada Border (MP 248-270)
- 9. US 2/Eastern Region Signing Upgrades:** Upgrade US 2 highway signage in the vicinity of Airport Road and Sunset Blvd. Start: Spring 2015. Complete: Summer 2015.
- 10. Eastern Region Guardrail Upgrades:** Adjust or replace guardrail and/or terminals to reduce severity of collisions on segments of I-90. Start: Early 2015. Complete: Mid 2015.
- 11. Eastern Region Curve Chevron Upgrade:** Install curve warning signing at multiple curve locations, primarily on SR 20, SR 21, and SR 31. Start: Spring 2015. Complete: Summer 2015.

Project numbers on the list correspond to the numbers on the map. Projects listed are either under construction or will start construction during 2015.
