

# SR 520 BRIDGE REPLACEMENT AND HOV PROGRAM

## Navigation changes on Lake Washington at SR 520

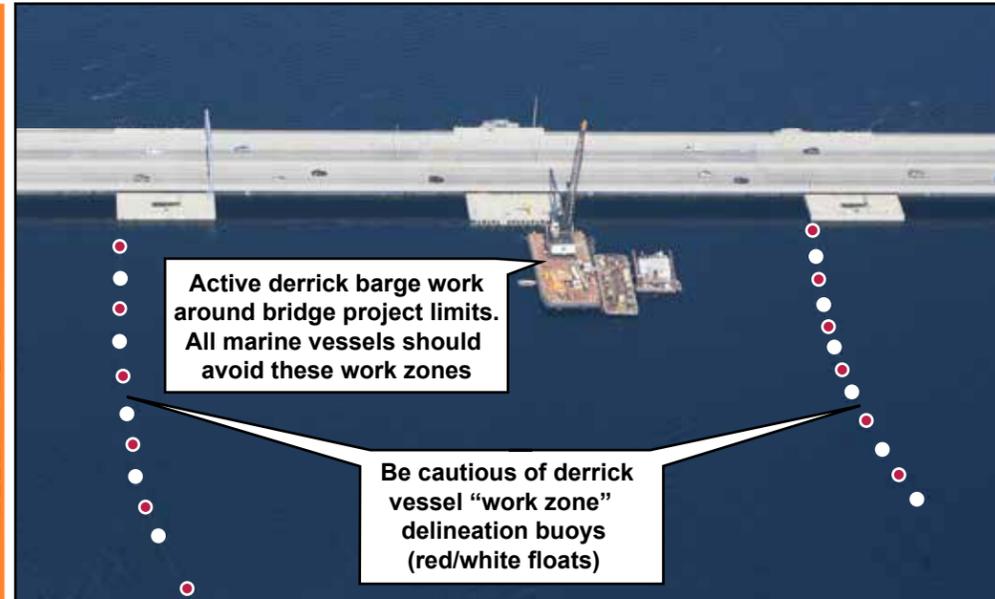

**UPDATE:** West navigation channel closed to boaters through mid- to late February 2017

**A** West navigation channel

The west navigation channel will be closed to boaters through mid- to late February 2017 to allow crews to complete decommissioning activities.

**B** Floating bridge

Avoid work zones north and south of the floating bridge as indicated by red and white buoys.

**C** East navigation channel

While the west navigation channel is closed, the east navigation channel will be open to boaters.
