**6 to 6:30 p.m.**

*Steve Archer, WSDOT Cultural Resources Manager*

Past meets future as Bertha, the SR 99 tunneling machine, begins digging through Seattle's first neighborhood, Pioneer Square. Join us for this month's speaker series to hear how the Washington State Department of Transportation is protecting 20th century history as we build this 21st century project. See what archaeologists have uncovered in the south and north portal areas, and learn about their monitoring plans as the project continues.

Free parking is available for First Thursday art walk patrons in Pioneer Square.  
Visit [www.FirstThursdaySeattle.com](http://www.FirstThursdaySeattle.com) for more information about participating garages.
