Information and Instructions for Small Works Roster Applicants

Under the provisions of RCW 39.04.155 the Washington State Department of Transportation maintains a small works rosters for soliciting competitive bids on projects estimated to cost less than $350,000.

The laws of the State of Washington require that an out-of-state corporation secure authority from the Secretary of State to transact business in the State of Washington. Accordingly, before the state can enter into a contract with an out-of-state or foreign corporation, such corporation must comply with Washington’s corporation laws. Information and application forms may be obtained from:

Office of the Secretary of State
http://www.sos.wa.gov

It is suggested that your firm contact the Department of Revenue to assure that all requirements for doing business in Washington State have been fulfilled. General licensing requirements information and forms are furnished by:

Department of Revenue Licensing Service
http://www.bls.dor.wa.gov

Contractors desiring to be considered for placement on the Washington State Department of Transportation Small Works Roster, must complete and submit this form to:

Washington State Department of Transportation
ATTN: Contract Ad and Award Office
Phone: 360-705-7837
Email: prequal@wsdot.wa.gov

A contractor may apply for placement on the small works roster at any time throughout the year, however a new form must be submitted annually to maintain eligibility.
All correspondence and inquiries pertaining to Prequalification of Bidders should be directed to:

Contract Ad and Award Office
Department of Transportation
Phone: 360-705-7837
Email: prequal@wsdot.wa.gov

**NOTE:** Before executing this form, read all information and instruction pages carefully. This questionnaire is not for MBE/DBE or WBE Certification.

When application is complete submit by email to prequal@wsdot.wa.gov

| Name of Applicant or Firm (As registered with Washington Secretary of State) |
|------------------|------------------|------------------|------------------|
| Street Address   | City             | State            | Zip Code         |
| PO Box           | City             | State            | Zip Code         |
| Telephone        | Fax              | Unified Business Identifier Number (UBI) | Federal Employees ID No. |

The above Applicant or Firm’s Certification Status as certified by the Office of Minority and Women’s Business Enterprises. (OMWBE) must be submitted annually to maintain eligibility:

- [ ] MBE - Minority Business Enterprise
- [ ] WBE - Women Business Enterprise
- [ ] DBE - Disadvantaged Business Enterprise

**Preparation of Small Works Questionnaire**

All answers and other entries must be specific, complete in detail, and typewritten or printed. Pencil is not acceptable. If this requirement is not met your questionnaire may be returned.

A corporation, co-partnership, or joint venture must furnish all information requested in the appropriate form at the top of page 4. The execution of the affidavit on page 5 must be complete.

No fee is required in order to prequalify to bid on state small works projects. Full compliance with these instructions will avoid delay in effecting prequalification and the delivery of the bidding proposal forms to contractors properly prequalified.

Schedules and attachments may be furnished to supplement the Questionnaire, however, it is essential that the form be completed in full.

Prequalification may be established in any calendar quarter and is renewable annually.

The information contained in the Questionnaire will be used to establish the class ratings of the applicant for the next year or remaining portion thereof. Contractor prequalification is an annual process that is to be renewed each year in the same quarter. Applicants will be notified in writing of their placement on the applicable small works roster when qualified. The letter will identify the classes of work they have been prequalified for.
Small Works Questionnaire

1. How many years has your organization been in business as a general contractor under your present business name?

2. Has your organization ever failed to complete any work awarded to you?  
   - Yes  
   - No  
   If “Yes”, state where and reasons why:

3. List projects your organization has completed in the past three (3) years as described in the attached Class of Work Sheets. Note: a minimum of three (3) projects must be listed.

<table>
<thead>

</tbody>
</table>

Per attached work class(es) sheets. Attach additional sheet(s) if more space is needed.  
Work Classes listed on page C1 and C2 are for highway, roads and bridge related work.
4. In which of the following classes of work do you feel your firm has the equipment and experienced personnel to qualify for the classification? (Indicated in parenthesis below each classification is suggested equipment for applicants.) Indicate those classes for which you feel your firm qualifies by marking (X) the appropriate box. Identify specifically in the column on the right the completed project(s) you have shown on Page 2 which are examples of the class of work you are requesting prequalification (i.e., 3a). ** Note: Work has to be self performed to be considered. **

<table>
<thead>
<tr>

</table>

### Non-Collusion

In order for your application for Prequalification to be considered, it is necessary to furnish the following information:

1. Has your firm ever been indicted, pled guilty, pled nolo contendere (no contest), or been convicted of any offense that has resulted in your firm being barred from or performing work for any State, Local, or Federal Government? If “Yes”, attach a separate sheet(s) to this form giving the details involved, the names of the individuals, and their current employment status with your firm. □ Yes □ No

2. Has any officer, employee, or other member of your firm ever been debarred for violation of various Public Constraint Acts incorporating Labor Standards Provision? If “Yes”, attach a separate sheet(s) to this form giving the details involved. □ Yes □ No

3. Has your firm or any officer, employee, or member of your firm ever been debarred for violation of various Public Constraint Acts incorporating Labor Standards Provision? If “Yes”, attach a separate sheet(s) to this form giving the details involved. □ Yes □ No

4. Is your firm under the protection of the bankruptcy court, have pending any petition in bankruptcy court or have you made an assignment for the benefit of creditors? □ Yes □ No

### Authorized Signatures

List the names and titles of those individuals in your organization who are authorized to execute proposals, contracts, bonds, and other documents and/or instruments on behalf of the organization. Specify if more than one signature is required.

Prequalification Work Classes - Highway Construction

- **Class 1** Clearing, Grubbing, Grading and Draining
  - Removal of tree stumps, modification of the ground surface by cuts and fills, excavating of earth materials the placement of drainage structures, and construction of structural earth walls.

- **Class 2** Production and Placing of Crushed Materials
  - Production and placing crushed surfacing materials and gravel.

- **Class 3** Bituminous Surface Treatment
  - Placing of crushed materials with asphaltic application.

- **Class 4** Asphalt Concrete Paving
  - Production and placing Asphalt Concrete Plant Mix Pavement.

- **Class 5** Cement Concrete Paving
  - Production and placing cement concrete pavement.

- **Class 6** Bridges and Structures
  - Construction of bridges and other major structures of timber, steel, and concrete.

- **Class 7** Buildings
  - Construction of buildings and related structures and major reconstruction and remodeling of such buildings.

- **Class 8** Painting
  - Painting bridges, buildings, and related structures.

- **Class 9** Traffic Signals
  - Installation of traffic signal and control systems.

- **Class 10** Structural Tile Cleaning
  - Cleaning tunnels, large buildings and structures and storage tanks.

- **Class 11** Guardrail
  - Construction of a rail secured to uprights and erected as a barrier between, or beside lanes of a highway.

- **Class 12** Pavement Marking (Excluding Painting)
  - Thermoplastic markings, stripes, bars, symbols, etc. Traffic buttons, lane markers, guide posts.

- **Class 13** Demolition
  - Removal of timber, steel, and concrete structures and obstructions.

- **Class 14** Drilling and Blasting
  - Controlled blasting of rock and obstructions by means of explosives.

- **Class 15** Sewers and Water Mains
  - Draining, pipe jacking, water systems, pumping stations, storm drainage systems, sewer rehabilitation, sewage pumping stations, pressurized lines.

- **Class 16** Illumination and General Electric
  - Highway illumination, navigational lighting, wiring, junction boxes, conduit installation.

- **Class 17** Cement Concrete Curb and Gutter
  - Sidewalks, spillways, driveways, monument cases and covers, right-of-way markers, traffic curbs, and gutters.

- **Class 18** Asphalt Concrete Curb and Gutter
  - Sidewalks, spillways, driveways, monument cases and covers, right-of-way markers, traffic curbs, and gutters.

- **Class 19** Riprap and Rock Walls
  - Mortar, rubble, and masonry walls; rock retaining walls, and placing of large broken stone on earth surfaces for protection against the action of water.

- **Class 20** Concrete Structures Except Bridges
  - Cast-in place median barrier, prestressing, post-tensioned structures, footings, prefabricated panels and walls, retaining walls, and ramps, foundations, rock bolts, and concrete slope protection.

- **Class 21** Tunnels and Shaft Excavation
  - Tunnel excavation, rock tunneling, and soft bore tunneling.

- **Class 22** Piledriving
  - Driving concrete, steel, and timber piles.

- **Class 23** Concrete Surface Finishes
  - Architectural concrete surface finishes (fractured fin, random board, exposed aggregate, etc.). Waterproofing concrete surfaces (clear or pigmented sealer.)

- **Class 24** Fencing
  - Wire and metal fencing, glare screens.

- **Class 25** Bridge Deck Repair
  - Bridge expansion joint repair and modification, bridge deck resurfacing, repair, and deck seal.

- **Class 26** High Friction Surface Treatment
  - Exposed aggregate, fractured-in and rope textured finishes; waterproofing concrete surfaces (clear or pigmented sealer).

- **Class 27** Signing
  - Sign structures and sign foundations.

- **Class 28** Drilled Large Diameter Slurry Shafts
  - Drilled Shafts 4’ diameter or larger and greater than 15’ deep when excavation is performed utilizing the wet method and concrete is placed by tremie methods under slurry.

- **Class 29** Slurry Diaphragm and Cut-Off Walls
  - Slurry excavation and the construction of structural concrete walls and slurry cut-off walls.

- **Class 30** Surveying
  - Highway construction surveying.
Water Distribution and Irrigation
Irrigation systems and heavy duty water distribution.

Lanscaping
Landscape irrigation, planting, sodding, seeding, fertilizing, mulching, herbicide application, insecticide application, weed control, mowing, liming, soil binder, topsoil.

Engineering
Work other than surveying, including engineering calculations, drawing and other related work for highway construction.

Erosion Control
Seeding, fertilizing, mulching, slope protection, topsoil application, hydroseding, soil stabilization, soil sampling.

Precast Median Barrier
A concrete barrier that is cast and cured in other than its final position used to divide the median of two adjacent highways or temporarily placed to divert traffic in construction zones.

Earth Retention and Anchoring
Installation of permanent soil nails, soldier piles, timber lagging and micropiles. Soldier pile tie-back anchor wall construction.

Impact Attenuators
Installation of approved protective systems filled with sand, water, foam, or other substances which prevent errant vehicles from impacting roadside hazards.

Paint Striping
Painting bars, letters, symbols, and striping.

Slope Protection
The installation of a zinc-coated steel wire mesh anchored by wire rope and reinforced concrete posts or anchor rods. Used for dampening the effects of rolling rocks onto the highway. Slope scaling, horizontal drains, rock dowels, and rock bolts for slope stabilization.

Gabion and Gabion Construction
Construction of walls made with containers of galvanized steel hexagonal wire mesh and filled with stone.

Intelligent Transportation Systems (ITS)

Electronics-Fiber Optic Based
Communications Systems Design and installation of fiber optic based communication systems.

Mechanical
Plumbing work and the installation of heating or air conditioning units.

Asbestos Abatements
Asbestos Abatement (L & I Certified Workers).

Hazardous Waste Removal
The containment, cleanup, and disposal of toxic materials. Companies seeking this classification shall have full-time personnel with current hazardous waste training (certification).

Concrete Restoration
Pavement subseal, cement concrete repair, epoxy coatings, epoxy repair, masonry repair, masonry cleaning, special coatings, epoxy injection, grout, shotcrete grouting, pavement jacking, grout repair, and pressure grouting.

Concrete Sawing, Coring, and Grooving
Concrete sawing, concrete planing, grinding, grooving, bump grinding, joint repair, concrete coring and rumble strips.

Dredging
Excavating underwater materials.

Marine Work
Underwater surveillance, testing, repair, subaqueatic construction, anchors, and cable replacement, floating concrete pontoon repairs and modifications, disassembly and assembly of floating concrete pontoons.

Ground Modification
Pressure Grouting, blast densification, stone column, jet grouting, compaction, dynamic compaction, soil mixing, gravel drain.

Well Drilling
Drilling wells, installing pipe casing and pumping stations.

Sewage Disposal
Hauling and disposing liquid and solid wastes.

Traffic Control
Providing piloted traffic control, traffic control labor, and maintenance and protection of traffic.

Railroad Construction
Construction of railroad subgrade, placing of ballast, ties, and track and other items related to railroad work.

Street Cleaning
Street sweeping with self-propelled sweeping equipment.

Materials Transporting
Truck hauling.

Sand Blasting and Steam Cleaning
Steam cleaning, sand blasting, shot blasting, and water blasting.
