

Please Note:

To ensure both current and historical interchange system information is available to all who utilize the Interchange Drawing Viewer, some of the Interchange Drawing PDF files will display with hand-sketched updates. New hand-sketched files will be added when updated information is received through construction and maintenance channels. New CAD drawings will be added as they are completed. There is currently a five-year backlog on updating the CAD drawings.

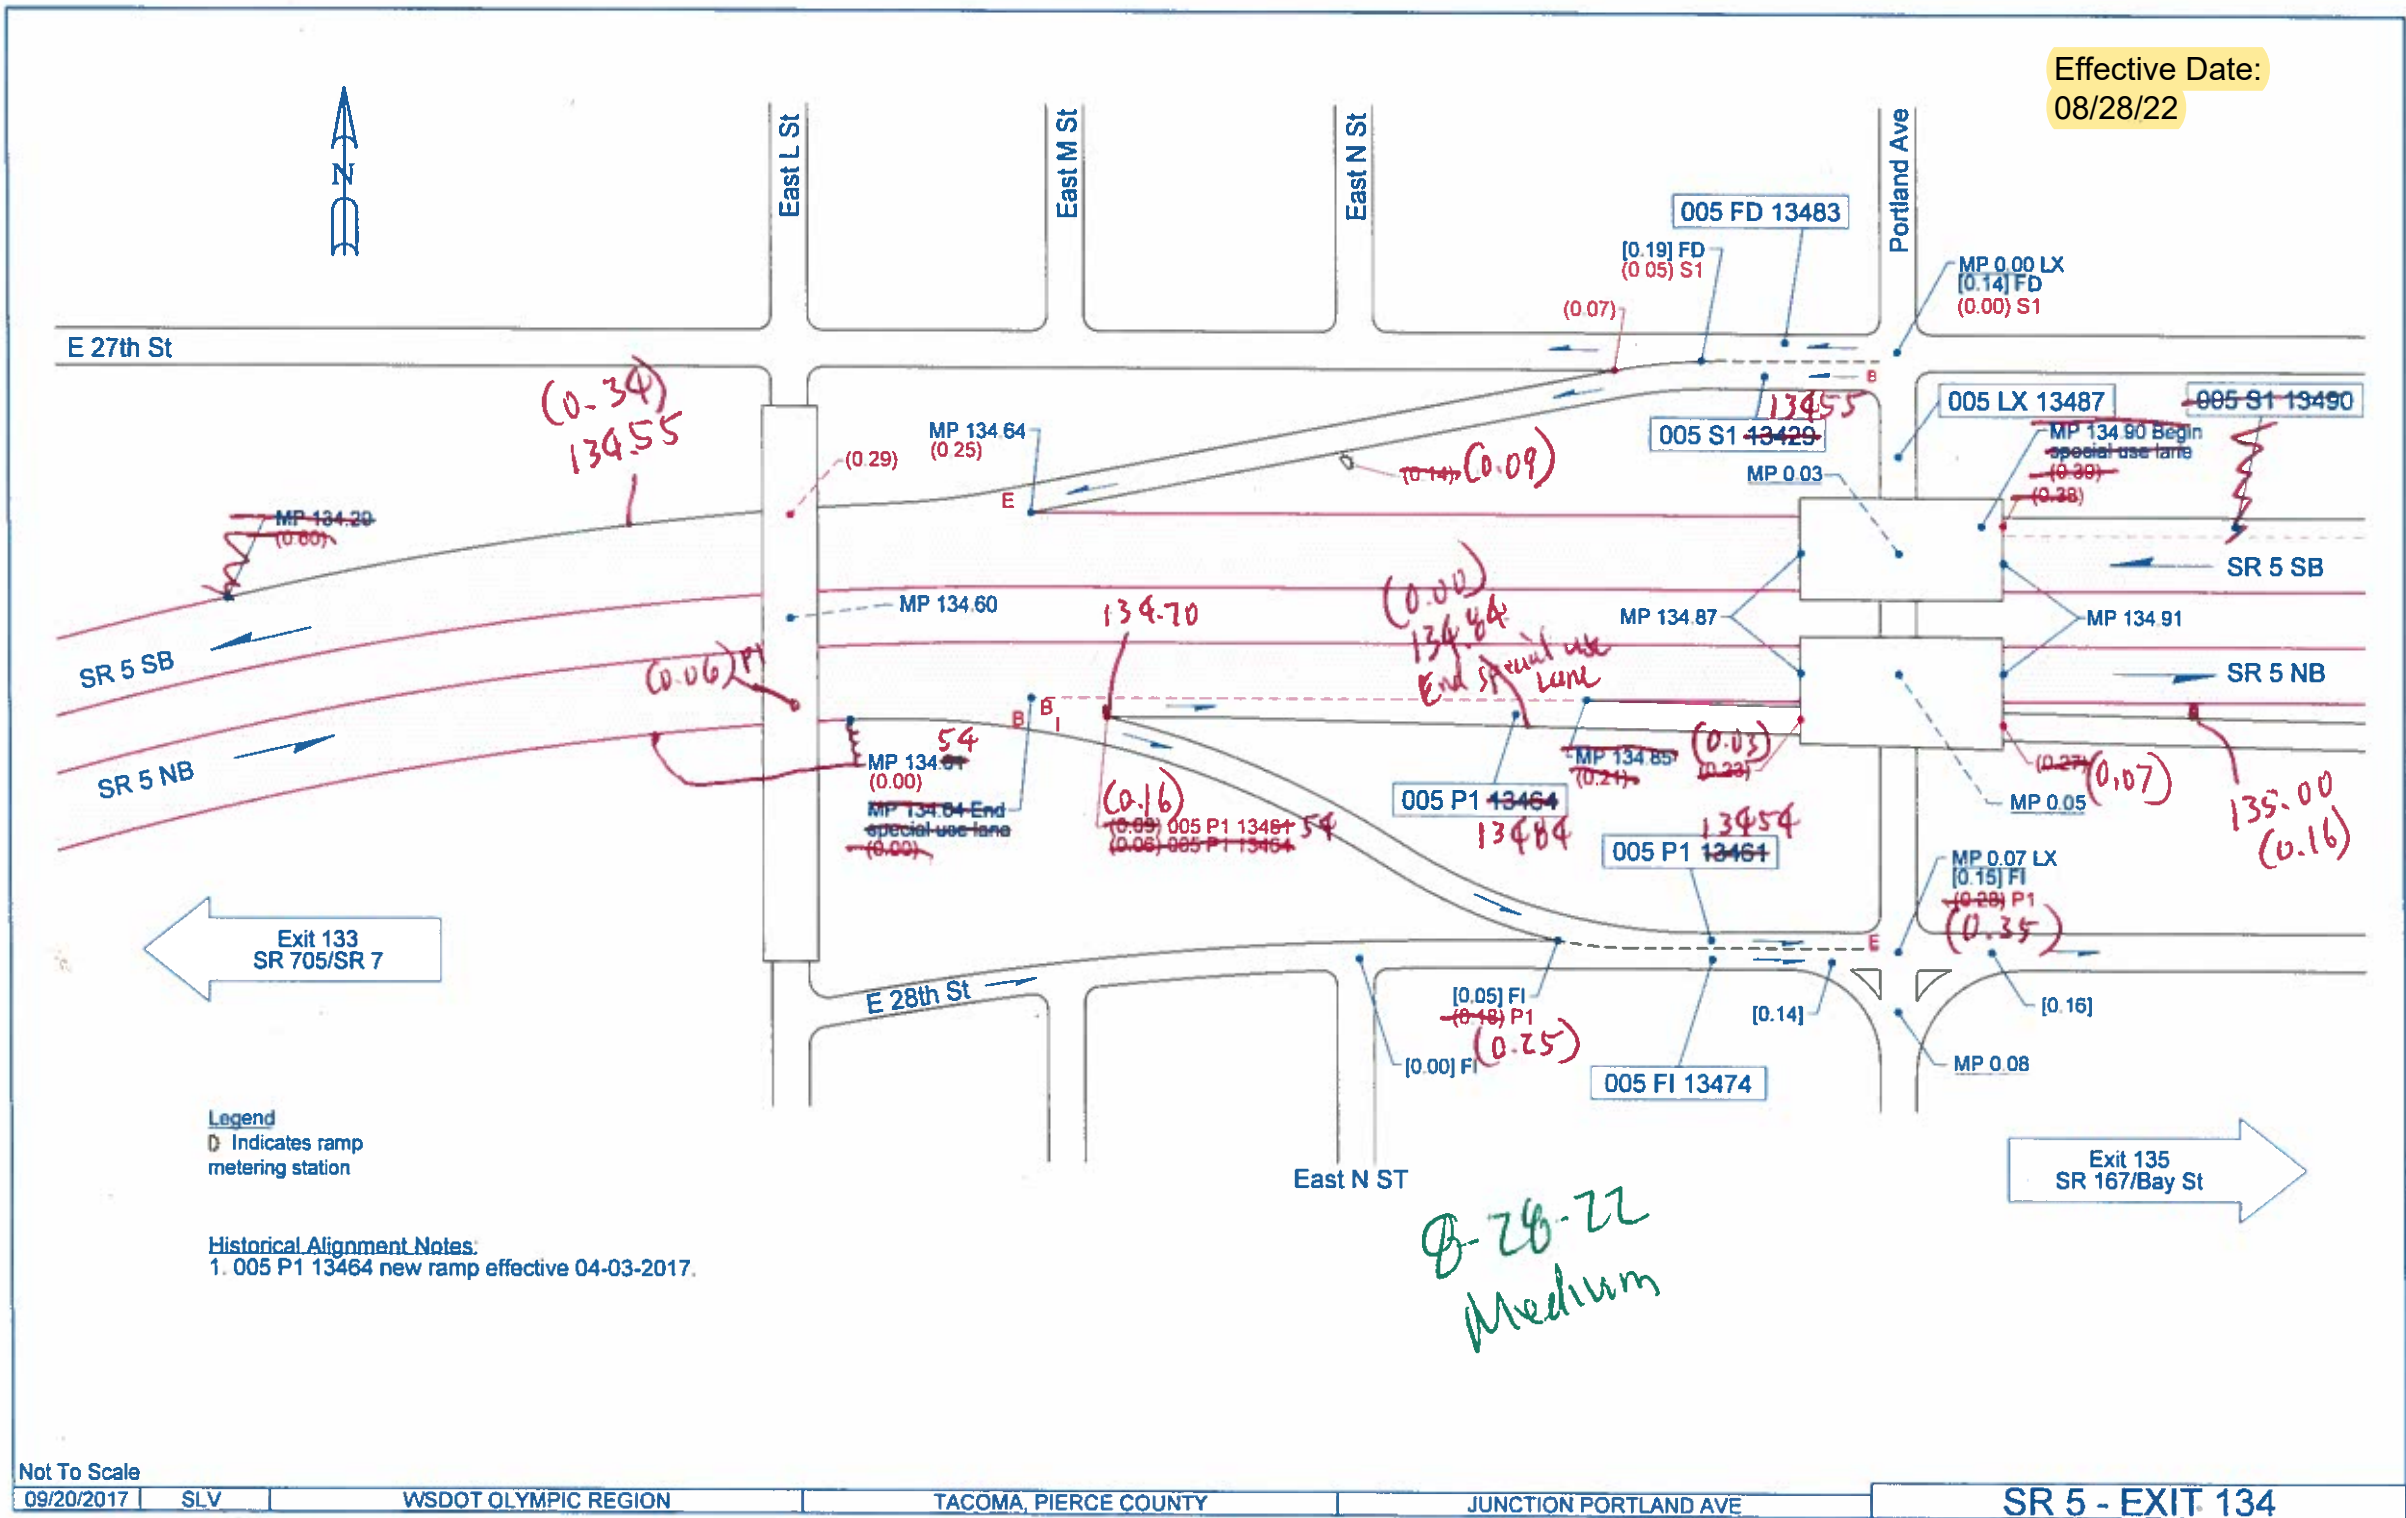

If you have questions about updates to the Interchange Drawing, the hand-sketched versions of the drawings, or the Interchange Viewer Web App please email TransportationGISDataSteward@WSDOT.WA.GOV with Interchange Drawing Feedback or Inquiry in the subject line.

Continue to the following pages to see the current and historical interchange configurations.
