Hi John,

Attached is the following report, which will be presented next Monday to the ERP by Allison Dobbins and Tom Backer:

Compliance with HCT System Planning Requirements:
DRAFT Options Assessment and Analysis Methods Technical Memorandum

This technical memorandum addresses state system planning requirements for the Central Puget Sound Regional Transit Authority, or Sound Transit. This memorandum addresses specifically how Sound Transit meets the requirements in RCW 81.104.100 (2).

If you have a final version, could you forward Monday's agenda to me? Thank you.
