

SR 99

S. HOLGATE STREET to S. KING STREET VIADUCT REPLACEMENT PROJECT

Finding of No Significant Impact
and Final Section 4(f) Evaluation

SR 99: S. Holgate Street to S. King Street Viaduct Replacement Project

Finding of No Significant Impact

**Submitted by the U.S. Department of Transportation,
Federal Highway Administration, Washington Division**

The Federal Highway Administration (FHWA) has determined, in accordance with 23 CFR 771.121, that the proposed project will have no significant impact on the environment.

This Finding of No Significant Impact (FONSI) is based on the Environmental Assessment (EA) and Final Section 4(f) Evaluation, which are incorporated by reference, and other documents and attachments, as itemized in this FONSI. These documents have been independently evaluated by FHWA and are determined to accurately discuss the project's purpose and need, environmental issues, impacts of the proposed project, and appropriate mitigation measures. The review provided sufficient evidence and analysis for determining that an environmental impact statement (EIS) is not required.

FHWA takes full responsibility for the accuracy, scope, and content of the EA, as modified by this FONSI and the referenced documents.

Title VI

WSDOT ensures full compliance with Title VI of the Civil Rights Act of 1964 by prohibiting discrimination against any person on the basis of race, color, national origin or sex in the provision of benefits and services resulting from its federally assisted programs and activities. For questions regarding WSDOT's Title VI Program, you may contact the Department's Title VI Coordinator at (360) 705-7098.

Americans with Disabilities Act (ADA) Information

Materials can be provided in alternative formats: large print, Braille, cassette tape, or on computer disk for people with disabilities by calling the Office of Equal Opportunity (OEO) at (360) 705-7097. Persons who are deaf or hard of hearing may contact OEO through the Washington Relay Service at 7-1-1.

A Federal agency may publish a notice in the Federal Register, pursuant to 23 USC §139(l), indicating that one or more federal agencies have taken final action on permits, licenses, or approvals for a transportation project. If such notice is published, claims seeking judicial review of those federal agency actions will be barred unless such claims are filed within 180 days after the date of publication of the notice, or within such shorter time period as is specified in the federal laws pursuant to which judicial review of the federal agency action is allowed. If no notice is published, then the periods of time that otherwise are provided by the Federal laws governing such claims will apply.

TABLE OF CONTENTS

ACRONYMS	iii
CHAPTER 1 UPDATED PROJECT DESCRIPTION.....	1-1
1 What is the S. Holgate Street to S. King Street Viaduct Replacement Project and how has it changed since the publication of the EA?	1-1
2 What are the benefits of the project changes?	1-9
CHAPTER 2 COORDINATION AND COMMENTS.....	2-1
1 What types of public, stakeholder, and agency coordination have been conducted?	2-1
CHAPTER 3 DETERMINATION AND FINDINGS	3-1
1 What is the National Environmental Policy Act Finding?	3-1
SECTION 4(F) EVALUATION	4(F)-1
1 What is Section 4(f)?	4(f)-1
2 How is it determined that there are no alternatives to using a Section 4(f) resource?	4(f)-2
3 What alternatives were considered?	4(f)-3
4 What is the project’s purpose and need?	4(f)-5
5 Who did we coordinate with to determine what resources would be affected?	4(f)-6
6 What archaeological resources affected by the project are protected by the provisions of Section 4(f)?	4(f)-7
7 What historic resources affected by the project are protected by the provisions of Section 4(f)?	4(f)-7
8 What park, recreation, and historic resources are not discussed in this evaluation?	4(f)-9
9 What did we conclude about the project’s use of Section 4(f) resources?	4(f)-9
