RE: Implementing Practical Design Connecting Washington Project Title and Scope Change Request

The Washington State Department of Transportation requests legislative approval for scope changes for a projects consistent with the process outlined in RCW 47.01.480(1)(a). The statute states practical design-related changes to the scope of a Connecting Washington project may be proposed by the department for legislative approval, "... if the projects intended performance is substantially unchanged and the local governments and interested stakeholders impacted by the project have been consulted and have reviewed the proposed changes." Consistent with the process established by the Office of Financial Management and the Legislature, the Washington State Department of Transportation is submitting the required documentation (see attachment) for review and legislative approval of the proposed changes.

Please contact me at (360) 705-7121 or alexanja@wsdot.wa.gov if you have questions or need additional information.

Sincerely,

Jay Alexander
Director, Capital Program Development and Management Office
Washington State Department of Transportation
