

Retaining Wall/Reinforced Slope Site Data Check List

Region	State Route	Job No.	Date
Project			
Region Project Office		Region Contact Person	Phone

Wall Number or Name			Begin Station	End Station	
Maximum Ht	Maximum H	S	Back Slope ____ V : ____ H	Toe Slope ____ V : ____ H	Face Batter ____ V : ____ H

- Plans showing location of wall or reinforced slope:
 - Utilities (existing or proposed) that may influence wall design or selection are shown.
 - Buildings, bridges, existing and proposed adjacent walls, culverts, drainage structures, and minor structures that may influence wall design are shown.
 - Right of way lines and other geometric constraints to wall construction are shown.
 - Existing ground contours are shown.

- Wall or reinforced slope profiles:
 - Existing grades in front of and behind the wall are shown.
 - Final grades in front of and behind the wall are shown.

- Wall or reinforced slope cross-sections:
 - Provided at approximately every 50 ft or at _____ ft, or InRoads files provided.
 - Shows existing and proposed ground lines.
 - Shows locations of existing and proposed utilities.
 - Shows locations of culverts, drainage structures, and adjacent structures that may interfere with wall or reinforced slope or that may create surcharge loads.
 - Shows intensity and aerial extent of surcharge loads, if known.

- Traffic barrier locations provided as needed.
- Desired aesthetics described.
