Americans with Disabilities Act (ADA) Information

English

Title VI Notice to Public It is the Washington State Department of Transportation's (WSDOT) policy to assure that no person shall, on the grounds of race, color, national origin or sex, as provided by Title VI of the Civil Rights Act of 1964, be excluded from participation in, be denied the benefits of, or be otherwise discriminated against under any of its federally funded programs and activities. Any person who believes his/her Title VI protection has been violated, may file a complaint with WSDOT’s Office of Equal Opportunity (OEO). For additional information regarding Title VI complaint procedures and/or information regarding our non-discrimination obligations, please contact OEO's Title VI Coordinator at 360-705-7090.

Americans with Disabilities Act (ADA) Information This material can be made available in an alternate format by emailing the Office of Equal Opportunity at wsdotada@wsdot.wa.gov or by calling toll free, 855-362-4ADA (4232). Persons who are deaf or hard of hearing may make a request by calling the Washington State Relay at 711.

Spanish

Notificación de Titulo VI al Público Es la póliza de el Departamento de Transportes del Estado de Washington de asegurar que ninguna persona sea excluida de participación o sea negado los beneficios, o sea discriminado bajo cualquiera de sus programas y actividades financiado con fondos federales sobre la base de raza, color, origen nacional o sexo, como proveído por el Título VI de el Acto de Derechos Civiles de 1964. Cualquier persona que cree que sus protecciones de Titulo VI han sido violadas, puede hacer una queja con la Oficina de Igualdad de Oportunidades (OEO). Para información adicional con respecto a procedimientos de quejas de Titulo VI y/o información con respecto a nuestras obligaciones sin discriminación, por favor de comunicarse con el Coordinador de Titulo VI de la Oficina de Igualdad de Oportunidades (OEO) 360-705-7090.

Información del Acta Americans with Disabilities Act (ADA)
Este material es disponible en un formato alternative. Envie su petición por correo electrónico al equipo de Oficina de Igualdad de Oportunidades (OEO) en wsdotada@wsdot.wa.gov o llamando gratis, 855-362-4ADA (4232). Personas sordas o con problemas de audición pueden solicitar llamando el relé de estado de Washington al 711. For public events (like Open Houses, etc) English Accommodation requests for people with disabilities can be made by contacting the WSDOT Diversity/ADA Affairs team at wsdotada@wsdot.wa.gov or by calling toll-free, 855-362-4ADA (4232). Persons who are deaf or hard of hearing may make a request by calling the Washington State Relay at 711. Spanish Solicitudes de alojamiento para personas con discapacidad pueden hacer comunicándose con el equipo de Asuntos de diversidad/ADA WSDOT en wsdotada@wsdot.wa.gov o llamando al número gratuito, 855-362-4ADA (4232). Personas sordas o con problemas de audición pueden solicitar llamando el relé del estado de Washington al 711.

Contents

Chapter 400: Environmental Impact Statement (EIS)

400.06 Using Existing Environmental Documents
   400.06(1) Re-evaluations
   400.06(2) Supplemental Documents
   400.06(3) Using NEPA Documents for SEPA

400.07 Documenting an Environmental Impact Statement (EIS)
   400.07(1) Scoping Process
   400.07(2) Draft Environmental Impact Statement (DEIS)
   400.07(3) Final EIS (FEIS)
   400.07(4) Record of Decision (ROD)

400.08 Documenting an Environmental Assessment (EA) or SEPA Checklist
   400.08(1) NEPA Environmental Assessments
   400.08(2) SEPA Threshold Determination (SEPA Checklist)

400.09 Categorical Exclusions/Exemptions (CE)
   400.09(1) NEPA CEs (Categorical Exclusions)
   400.09(2) SEPA CEs (Categorical Exemptions)

400.10 Environmental Document Legal Considerations
   400.10(1) Statute of Limitations
   400.10(2) Administrative Record

400.11 Applicable Statutes and Regulations
   400.11(1) National Environmental Policy Act (NEPA)
   400.11(2) Other Federal Environmental Statutes
   400.11(3) State Environmental Policy Act (SEPA)

400.12 Abbreviations and Acronyms

Chapter 412: Indirect and Cumulative Impacts

412.01 Introduction

412.02 Summary of Requirements

412.03 Type of Impacts Included in the Cumulative Impacts Analysis

412.04 Analyzing Cumulative Impacts

412.05 Climate Change and Greenhouse Gases

412.06 Case Law and Cumulative Impacts Analysis

412.07 Additional Resources of Indirect and Cumulative Effects

412.08 Applicable Statutes and Regulations

412.09 Glossary

Chapter 420: Earth (Geology and Soils)

420.01 Summary of Requirements for Geology and Soils

420.02 Resources for Analyzing Geology and Soils Impacts

420.03 Applicable Statutes and Regulations
   420.03(1) Federal
   420.03(2) State and Local
Chapter 425  Air ................................................................. 425-1
  425.01 Air Quality Overview .............................................. 425-1
  425.02 Conformity Requirements ........................................ 425-1
    425.02(1) Exempt Projects ........................................... 425-2
    425.02(2) Region-Level Analysis .................................... 425-2
    425.02(3) Project-Level Analysis .................................... 425-2
  425.03 NEPA Requirements .............................................. 425-3
    425.03(1) Criteria Pollutants ....................................... 425-4
    425.03(2) Mobile Source Air Toxics (MSATs) ....................... 425-4
    425.03(3) Greenhouse Gas Emissions (GHG) ....................... 425-4
    425.03(4) Temporary Construction Emissions ....................... 425-4
    425.03(5) Fugitive Dust ............................................. 425-4
  425.04 Modeling Requirements ......................................... 425-5
  425.05 Air Quality Permits and Approvals ............................... 425-5
  425.06 Multi-Modal and Non-Road Air Quality Requirements .......... 425-5
  425.07 Air Quality Statutes, Regulations, and Guidance ............... 425-5
    425.07(1) Federal ................................................. 425-5
    425.07(2) State ................................................... 425-6
    425.07(3) Regional ................................................ 425-6
  425.08 Abbreviations and Acronyms ................................... 425-6
  425.09 Glossary ...................................................... 425-7

Chapter 430  Surface Water Quality ........................................... 430-1
  430.01 Surface Water Quality Requirements .......................... 430-1
  430.02 Analyzing Surface Water Impacts ................................ 430-2
  430.03 303(d) and TMDL Impaired Water Bodies ....................... 430-3
  430.04 Surface Water Interagency Agreements ........................ 430-4
  430.05 Water Quality Permits and Approvals .......................... 430-4
    430.05(1) Federal ................................................. 430-4
    430.05(2) State ................................................... 430-5
    430.05(3) Local .................................................. 430-5
  430.06 Non-Road Project Surface Water Requirements .................. 430-5
    430.06(1) Ferries ............................................... 430-5
    430.06(2) Airports, Rail, and Nonmotorized Facilities ............ 430-5
  430.07 Surface Water Quality Resource Materials ..................... 430-6
  430.08 Applicable Statutes and Regulations .......................... 430-6
    430.08(1) Federal ................................................. 430-6
    430.08(2) State ................................................... 430-7
    430.08(3) Tribal ................................................ 430-7
  430.09 Abbreviations and Acronyms ................................... 430-8
  430.10 Glossary ...................................................... 430-9
## Chapter 431 Wetlands

- **431.01** Wetlands and Other Waters ........................................ 431-1
- **431.02** Assessing Wetlands and Other Waters .............................. 431-2
- **431.03** Identifying Impacts to Wetlands and Other Waters .............. 431-3
- **431.04** Mitigating for Impacts to Wetlands and Other Waters .......... 431-3
  - 431.04(1) Selecting a Compensatory Mitigation Option ................ 431-4
  - 431.04(2) Developing Detailed Mitigation Plans ......................... 431-5
  - 431.04(3) Joint Aquatic Resources Permit Application (JARPA) Submittals and Final Plan Development .......................... 431-6
- **431.05** Policies, Regulations, and Agreements .............................. 431-6
  - 431.05(1) Policies .................................................................. 431-6
  - 431.05(2) Federal Statutes and Regulations ................................. 431-6
  - 431.05(3) State Statutes and Regulations .................................. 431-7
  - 431.05(4) Local Requirements ............................................... 431-7
- **431.06** Abbreviations and Acronyms .......................................... 431-7
- **431.07** Glossary ..................................................................... 431-7

## Chapter 432 Floodplains

- **432.01** Summary of Floodplain Requirements ............................... 432-1
- **432.02** Applicable Statutes and Regulations ................................. 432-1
  - 432.02(1) National Environmental Policy Act/State Environmental Policy Act ........................................ 432-1
  - 432.02(2) Endangered Species Act ........................................... 432-2
  - 432.02(3) Floodplain Management ............................................ 432-2
  - 432.02(4) Flood Control Management Act .................................. 432-2
  - 432.02(5) Local Ordinances .................................................... 432-2
- **432.03** Governor’s Directive on Acquisitions of Agricultural Resource Land ........................................................................ 432-4
- **432.04** WDFW Memorandum of Agreement (MOA) for Transportation Activities ......................................................... 432-4
- **432.05** Floodplain Discipline Report ............................................ 432-4
- **432.06** FHWA Floodplain Technical Advisory ............................... 432-5
- **432.07** FHWA Federal-Aid Highway Program Policy & Guidance Center ................................................................. 432-5
- **432.08** Flood Emergency Procedures .......................................... 432-6
- **432.09** Flood Control Assistance Account Program (FCAAP) .......... 432-6
- **432.10** Floodplain Permits and Approvals ..................................... 432-6
- **432.11** Non-Road Project Requirements ....................................... 432-6
### Chapter 432 Floodplain Resources

- **432.12** Floodplain Resources .................................................. 432-7
  - **432.12(1)** Comprehensive Flood Hazard Management Plans .......... 432-7
  - **432.12(2)** Local Floodplain Management .................................. 432-7
  - **432.12(3)** Emergency Relief Procedures Manual M 3014 .......... 432-7
  - **432.12(4)** Climate Change .................................................. 432-7
  - **432.12(5)** WSDOT GIS Workbench ....................................... 432-8

- **432.13** Abbreviations and Acronyms ....................................... 432-9

- **432.14** Glossary ................................................................. 432-9

### Chapter 433 Groundwater

- **433.01** Summary of Requirements for Groundwater .................... 433-1
- **433.02** Groundwater Policy Guidance ..................................... 433-2
  - **433.02(1)** State Source Water Assessment and Protection Programs Guidance ........................................... 433-2
- **433.03** Groundwater Related Interagency Agreements ................. 433-2
  - **433.03(1)** Sole Source Aquifers ........................................ 433-2
  - **433.03(2)** Drinking Water Well Sanitary Control Areas – Screening Criteria ........................................ 433-2
- **433.04** Applicable Statutes and Regulations ............................. 433-3
  - **433.04(1)** Federal ................................................................. 433-3
  - **433.04(2)** State and Local ................................................... 433-3

- **433.05** Abbreviations and Acronyms ....................................... 433-4

- **433.06** Glossary ................................................................. 433-5

### Chapter 436 Fish, Wildlife, and Vegetation

- **436.01** Fish, Wildlife, and Vegetation Policies and Regulations .... 436-1
- **436.02** Addressing Fish, Wildlife, and Vegetation in the NEPA/SEPA Process ................................................. 436-1
- **436.03** Working With Endangered and Threatened Species ........... 436-2
  - **436.03(1)** Maintenance Activities and the ESA Section 4(d) Rule ................................................................. 436-2
  - **436.03(2)** ESA Section 7 Compliance .................................... 436-3
  - **436.03(3)** ESA Section 9 Compliance .................................... 436-6
- **436.04** Working on Public Lands ............................................ 436-6
- **436.05** Protecting Birds ....................................................... 436-7
- **436.06** Considering Fisheries Resources ................................... 436-8
- **436.07** Protecting Marine Mammals ......................................... 436-9
- **436.08** Habitat Considerations ............................................... 436-9
- **436.09** Coordinating With Tribes on Fish, Wildlife, and Vegetation Resources ................................................. 436-10
- **436.10** Mitigation and Other Policies ....................................... 436-10
- **436.11** Abbreviations and Acronyms ....................................... 436-11
- **436.12** Glossary ................................................................. 436-12
Chapter 440 Energy ................................................................. 440-1
  440.01 Energy Background .................................................. 440-1
  440.02 Documentation and Modeling Requirements .................. 440-1
    440.02(1) Affected Environment ........................................ 440-1
    440.02(2) Energy Consumption ....................................... 440-2
    440.02(3) Greenhouse Gas Emissions .................................. 440-2
    440.02(4) Conservation Measures and Mitigation ................... 440-2
  440.03 Applicable Statutes, Regulations, and Guidance ............ 440-3
    440.03(1) Federal ........................................................ 440-3
    440.03(2) State ......................................................... 440-3
  440.04 Non-Road Project Requirements ................................ 440-3
  440.05 Abbreviations and Acronyms .................................... 440-3
  440.06 Glossary ................................................................ 440-4

Chapter 446 Noise ............................................................... 446-1
  446.01 Traffic Noise Background ......................................... 446-1
  446.02 Traffic Noise Requirements ...................................... 446-1
  446.03 Noise Technical and Policy Guidance ......................... 446-2
    446.03(1) WSDOT Guidance .......................................... 446-2
    446.03(2) FHWA Guidance ............................................. 446-2
  446.04 Noise Permits and Approvals .................................... 446-4
  446.05 Noise Considerations for Non-Highway Projects ........... 446-4
    446.05(1) FTA lead/co-lead projects ................................ 446-4
    446.05(2) FRA Lead/Co-Lead Projects ............................... 446-4
    446.05(3) WSF Projects ............................................... 446-4
    446.05(4) WSDOT Airports ............................................. 446-4
  446.06 Applicable Statutes and Regulations ........................... 446-5
  446.07 Abbreviations and Acronyms .................................... 446-5
  446.08 Glossary ................................................................ 446-6

Chapter 447 Hazardous Materials (HazMat) and Solid Waste ....... 447-1
  447.01 Considering HazMat During the Project Lifecycle .......... 447-1
  447.02 Determining Suitable HazMat Documentation from the ERS .. 447-1
  447.03 Writing and Right-Sizing HazMat Analysis .................... 447-2
  447.04 Identifying Potentially Contaminated Property .............. 447-3
    447.04(1) Phase I Environmental Site Assessment (Phase I ESA) . 447-3
    447.04(2) Phase II Environmental Site Assessment (Phase II ESA) .. 447-4
  447.05 Managing Liability During Real Estate Acquisition ........ 447-5
  447.06 Planning for Sediment Management ............................. 447-6
447.07 Using Construction Specifications and Provisions .................. 447-6
  447.07(1) Identifying and Reporting HazMat During Construction . . . 447-7
  447.07(2) Encountering Unknown Underground Storage Tanks (USTs) 447-7
  447.07(3) Finding Releases of Unknown HazMat ......................... 447-8
  447.07(4) Responding to Spills From Construction Activities .......... 447-9
  447.07(5) Reporting Spills Caused by the Traveling Public (Third-Party) 447-9
447.08 Managing HazMat During Construction .................................. 447-11
447.09 Reusing or Disposing of Project Waste Materials .................... 447-12
447.10 Laws and Regulations .................................................. 447-13
  447.10(1) Federal Laws and Regulations .................................. 447-13
  447.10(2) State Regulations ................................................ 447-13
447.11 Abbreviations and Acronyms ........................................... 447-13
447.12 Glossary ....................................................................... 447-14

Chapter 455 Land Use and Transportation ........................................ 455-1
455.01 Land Use, Transportation and Practical Solutions ..................... 455-1
  455.01(1) Advisory Team Roles and Responsibilities ...................... 455-2
455.02 Requirements for Land Use Analysis .................................... 455-2
455.03 Requirements for Transportation Analysis ............................ 455-3
455.04 Coordination with Federal Agencies other than FHWA ............. 455-4
  455.04(1) Waterborne Navigation and Ferry Facilities .................... 455-4
  455.04(2) Rail Facilities ........................................................ 455-5
  455.04(3) Aviation Facilities ................................................... 455-6
455.05 Documenting Land Use Analysis for Legal Sufficiency under NEPA 455-6
455.06 Bicycling and Pedestrian Facilities ..................................... 455-7
455.07 Transit ........................................................................ 455-8
455.08 Farmland ....................................................................... 455-8
  455.08(1) Farmland and Mitigation Sites .................................... 455-9
  455.08(2) State Conservation Commission Memorandum of Understandings .. 455-9
455.09 Resource Conservation Areas ............................................. 455-9
455.10 Recreational Land Conversions Section 6(f) ......................... 455-10
  455.10(1) Section 6(f) Reviews ................................................ 455-10
  455.10(2) Other Grant Funded Properties .................................... 455-12
455.11 Wild and Scenic Rivers ..................................................... 455-13
  455.11(1) National Rivers Inventory ......................................... 455-14
  455.11(2) Washington State Scenic River System ......................... 455-14
455.12 Statutes and Regulations .................................................. 455-14
455.13 Abbreviations and Acronyms ............................................. 455-15
455.14 Glossary ....................................................................... 455-16
Chapter 456 Cultural Resources

456.01 Cultural Resources Overview .............................................. 456-1
456.02 Section 106 Review and Compliance: FHWA .............................................. 456-3
456.03 Section 106 Review and Compliance: Federal Lands .............................................. 456-5
456.04 Section 106 Review and Compliance: COE .............................................. 456-5
456.05 Section 106 Review and Compliance: Other Federal Agencies ............ 456-5
456.06 Governor’s Executive Order 05-05 Review and Compliance ............ 456-7
456.07 Bridge Compliance ............................................................ 456-11
456.08 Artifact Collection and Disposition (Curation) .............................................. 456-15
  456.08(1) Factors in Determining a Curation Facility .............................................. 456-15
  456.08(2) Disposition of Archaeological Artifacts and Records From State Land, Federal Land, or Tribal Land .............................................. 456-15
  456.08(3) Submitting Collections to the Selected Curation Facility ............ 456-17
456.09 Use of Museums and Information Centers as Potential Mitigation ............. 456-17
  456.09(1) Exhibits/Displays ............................................................... 456-17
  456.09(2) Stand-Alone Facilities ........................................................... 456-18
456.10 Additional Cultural Resource Regulatory Guidance .............................................. 456-18
  456.10(1) Federal ............................................................. 456-18
  456.10(2) State ............................................................. 456-19
456.11 Acronyms and Abbreviations ........................................................... 456-20
456.12 Glossary ............................................................. 456-20

Chapter 457 Section 4(f) Evaluation .............................................. 457-1

457.01 Section 4(f) Requirements ........................................................... 457-1
457.02 Identifying a Section 4(f) Property ........................................................... 457-2
457.03 Individual Section 4(f) Compliance ........................................................... 457-3
  457.03(1) De Minimis Section 4(f) Evaluations ........................................................... 457-3
  457.03(2) Programmatic Section 4(f) Evaluations .................................................. 457-3
457.04 Cultural Resources May Be Protected Under Section 4(f) ............. 457-7
457.05 Railroads and Rail Transit Lines .................................................. 457-7
457.06 Section 6(f) Conversion May Be Required .............................................. 457-8
457.07 Section 4(f) Requirements May Differ for Other Federal Agencies ............. 457-8
457.08 Procedures for Completing a Section 4(f) Analysis .............................................. 457-8
457.09 Section 4(f) and Related Statutes ........................................................... 457-8
457.10 Abbreviations and Acronyms ........................................................... 457-9
457.11 Glossary ............................................................. 457-9

Chapter 457

Section 4(f) Evaluation

457.01 Section 4(f) Requirements

Section 4(f) of the Department of Transportation Act of 1966 declares a national policy to “preserve the natural beauty of the countryside, public park and recreation land, wildlife and waterfowl refuges, and historic sites.” It is one of the most stringent and complex environmental laws related to transportation. As a result, Section 4(f) is also one of the most frequently litigated environmental statutes and the most common cause of court injunctions delaying projects (FHWA Success in Stewardship Newsletter, March 2008).

Fixing Americans Surface Transportation Act (FAST Act) was passed in 2015. Section 1301 of the FAST Act (23 U.S.C. 138(c) and 49 U.S. C. 3030(e)) creates an optional alternative process for compliance with Section 4(f). The optional process requires additional concurrence points with other Federal agencies and does not appear to provide a streamlining benefit. Therefore, WSDOT will continue to follow current standard practices for Section 4(f) compliance.

WSDOT’s policy is to follow the FHWA Section 4(f) guidance provided on their environmental webpage. This manual summarizes that guidance for the more common types of projects.

Section 4(f) is a federal requirement and must be considered in any NEPA document involving any USDOT agency (FHWA, FTA, FRA, and FAA (see Section 447.07). This work may be:

- Included in the EIS/EA and supported by appropriate documentation.
- Conducted separately and documented in an Individual Section 4(f) Evaluation.

FHWA and other USDOT agencies may not approve a transportation program or project that uses such properties unless:

- The use will have no more than de minimis impact.
- There is no feasible and prudent alternative and all possible planning has been done to minimize harm.
To secure federal approval and funding for transportation projects that use Section 4(f) properties, WSDOT must demonstrate that:

- There are unique problems or unusual factors that prohibit use of alternatives that avoid these properties.
- The cost of alternatives that avoid these properties is extraordinary.
- The social, economic and environmental impacts or community disruption resulting from an alternative that avoids Section 4(f) properties reach an extraordinary magnitude.

The law also protects Section 4(f) properties from proximity impacts that substantially diminish the use or value of the resource. Substantial proximity impacts are considered to be a “Constructive Use” even though the project does not actually intrude into the protected area. FHWA requires a Section 4(f) Evaluation be completed for proximity impacts. Such impacts may include:

- Noise
- Vibrations
- Aesthetics
- Access

### 447.02 Identifying a Section 4(f) Property

Section 4(f) applies to significant publicly owned public parks and recreation areas and wildlife and waterfowl refuges. Parks and recreation areas must be open to the public to qualify, but wildlife and waterfowl refuges may restrict access to preserve quality habitat. Privately owned properties may qualify for consideration under Section 4(f) if a government agency has a permanent interest in the land (such as an easement).

Publicly owned parks, recreation areas and wildlife and waterfowl refuges are assumed to be significant unless the public official with jurisdiction concludes that the entire site is not significant. FHWA must conduct an independent evaluation of the property and concur with the official’s decision.

Historic sites of national, state or local significance qualify as Section 4(f) properties regardless of ownership or public access. Historic sites must be on or eligible for inclusion on the National Register of Historic Places to be protected.

You are probably dealing with a Section 4(f) property if you impact a property that:

- Is publicly owned.
- Open to the public during normal hours of operation.
- Serves recreation activities (walking, hiking, bird watching, or organized sports) as a major purpose as stated in the area’s master plan (consultation with the officials with jurisdiction is required to confirm the property’s status).

or

- Is listed on the National Register of Historic Places.
**447.03 Individual Section 4(f) Compliance**

WSDOT policy requires Section 4(f) consideration in any NEPA document. However, not all NEPA actions require a full Section 4(f) evaluation. If the proposed project will not use Section 4(f) property, the NEPA document needs to document the research and explain that Section 4(f) does not apply. Right size your document to fit your project. Three approaches are typically used:

- An individual Section 4(f) Evaluation, which can be done as part of a NEPA EIS or separately in support of an EA or CE.
- A programmatic Section 4(f) Evaluation in support of an EA or CE.
- A determination is made that the project has *de minimis* impacts and officials with jurisdiction concur in writing.

The flowchart in Exhibit 447-1 shows the basic steps for a Section 4(f) Evaluation. Step by step guidance for how to complete this process is provided on the WSDOT Section 4(f) Guidance webpage.

**447.03(1) De Minimis Section 4(f) Evaluations**

In 2005, Section 6009(a) of the SAFETEA-LU Act allowed FHWA to streamline the Section 4(f) evaluation process for projects that have *de minimis* impacts. *De minimis* impacts are defined as impacts that will not adversely affect the features, attributes or activities that qualify the parks, recreation areas, or refuges for protection.

Measures to avoid, minimize, or mitigate impacts or enhance the resource should be considered before the *de minimis* determination is made. FHWA makes the determination based on a review of the project documentation. Detail the work that was done to reach the *de minimis* determination in the NEPA document. Written concurrence from the officials with jurisdiction must be included in the document. The process for determining a *de minimis* impact is shown on the flowchart on the WSDOT Section 4(f) Guidance webpage.

The public must be informed of the *de minimis* determination and given an opportunity to comment on the decision. This may be done as part of the NEPA process for an EA or EIS. If your project is a CE it can be accomplished in a newsletter, city council meeting or project open house. Standard language must be included in this notice. A template for documenting public involvement at a city council meeting can be found on the WSDOT Section 4(f) Guidance webpage.

**447.03(2) Programmatic Section 4(f) Evaluations**

FHWA developed five Programmatic Section 4(f) Evaluations that can be used to streamline the evaluation process. Using programmatic saves time by eliminating circulation of the draft, and by the completion of a legal sufficiency review and coordination with other federal agencies (DOI, USDA, and HUD). Coordination with the Official with Jurisdiction is still required. FHWA provides more detailed explanation of each of the Nationwide Section 4(f) Programmatic Evaluation categories on their webpage. If the project impacts a Section 4(f) property and it does not qualify for a programmatic evaluation, then an individual Section 4(f) Evaluation must be completed.
Is there any Section 4(f) property in the immediate vicinity?

- No: Document this determination. **No further analysis needed.**
- Yes: Will a “use” of the Section 4(f) property be required?

  - No: Document this determination. **No further analysis needed.**
  - Yes: Is the use a “constructive use”?

    - No: Would the transportation project have more than a *de minimus* impact? (Include any required avoidance, minimization, mitigation, or enhancements measures in the *de minimus* determination.)

      - Yes: Has all possible planning been included to minimize harm?

        - Yes: Include all possible planning to minimize harm.
        - No: Reconsider

      - No: Reconsider

    - Yes: Is there a feasible and prudent avoidance alternative?

      - Yes: Prepare programmatic or individual Section 4(f) Evaluation.
      - No: Document and send to FHWA/FTA for approval. No further analysis needed.
The description and criteria for the five Programmatic Section 4(f) Evaluations are:

1. **Independent Walkway and Bikeways** – Only applies to independent bikeway or walkway projects that impact recreation and park areas for active recreation and open space. The official with jurisdiction over the Section 4(f) property must give his/her approval in writing that the project is acceptable and consistent with the designated use and that all possible planning to minimize harm has been done. This programmatic cannot be used if the project would require the use of:
   - Critical habitat of endangered species.
   - Land from a publicly owned wildlife or waterfowl refuge.
   - Land from a historical site of local, state or national significance.
   - Unusual circumstances such as major impacts, adverse effects or controversy.

2. **Historic Bridges** – Applies to bridges to be replaced or rehabilitated with Federal Funds. The bridge must be on or eligible for the National Register of Historic Places (NRHP). The FHWA Division Administrator concurs with the facts presented in the alternatives, findings and mitigation. The FAST Act exempts common post 1945 bridges from Section 4(f) to align with requirement of Section 106 of the National Historic Preservation Act (Sec 1303, 23 USC 138(e)). This programmatic **cannot** be used for construction of a highway in a new location.

3. **Minor Involvement with Historic Sites** – Applies when the project improves the operational characteristics, safety, and/or physical condition of the highway on the existing alignment. The historic site must be located adjacent to the existing highway to qualify for the programmatic. Such projects include:
   - “4 R” work (resurfacing, restoration, rehabilitation and reconstruction).
   - Safety improvements (shoulder widening and correction of substandard curves or intersections).
   - Traffic operation improvements (signalization, channelization, turning and climbing lanes).
   - Bicycle and pedestrian facilities as part of a larger project.
   - Bridge replacements on the same alignment.
   - Construction of additional lanes.

   This programmatic **cannot** be used:
   - For a project including removal or alteration of historic buildings, structures, or objects on the historic site.
   - For a project requiring an EIS, unless the Section 4(f) impact is discovered after approval of the EIS.
   - For a project that requires disturbance or removal of archaeological resources that are important to preserve in place. The State Historic Preservation Officer (SHPO) and/or the Advisory Council on Historic Preservation (ACHP) must concur in the determination.
• The impacts on the historic attributes of the property must be minor. Minor is narrowly defined as “no effect” or “no adverse effect” under Section 106 of the National Historic Preservation Act and 36 CFR 800. The ACHP must not object to the “no effect” determination.

The SHPO must agree, in writing, with the impact assessment and the proposed mitigation.

4. **Minor Involvement with Parks, Recreation Areas, and Waterfowl and Wildlife Refuges** – Applies when the project improves the operational characteristics, safety, and/or physical condition of the highway on the existing alignment. The public park, recreation lands, or wildlife and waterfowl refuge must be located adjacent to the state highway. Such projects include:
   • “4 R” work (resurfacing, restoration, rehabilitation and reconstruction).
   • Safety improvements (shoulder widening and correction of substandard curves or intersections).
   • Traffic operation improvements (signalization, channelization, turning and climbing lanes).
   • Bicycle and pedestrian facilities as part of a larger project.
   • Bridge replacements on the same alignment.
   • Construction of additional lanes.

The total amount of land to be acquired from any site shall not exceed:

<table>
<thead>
<tr>
<th>Total Size of Section 4(f) Site</th>
<th>Maximum to be Acquired</th>
</tr>
</thead>
<tbody>
<tr>
<td>&lt; 10 acres</td>
<td>10 percent of site</td>
</tr>
<tr>
<td>10–100 acres</td>
<td>1 acre</td>
</tr>
<tr>
<td>&gt;100 acres</td>
<td>1 percent of site</td>
</tr>
</tbody>
</table>

This programmatic **cannot** be used:
• For construction of a highway in a new location.
• For a project that requires an EIS.
• For projects that impair the intended use of the remaining Section 4(f) land. The determination includes proximity impacts and is made by FHWA in concurrence with the officials with jurisdiction over the Section 4(f) property.

Impairment shall be documented. Show the size, use, and nature of the impairment. Document noise, air and water pollution, wildlife and habitat effect, aesthetic values, and other impacts deemed relevant.

Coordinate with the appropriate Federal Agency if the Section 4(f) property is encumbered by a Federal Interest. Ascertain the agency’s position on the land conversion or transfer. The programmatic does not apply if the agency objects. Federal Interest includes:
• Purchase or improvement with federal funds through the Land and Water Conservation Funds Act, Federal Aid in Fish Restoration Act (Dingle-Johnson Act), the Federal Aid in Wildlife Act (Pittman-Robertson Act).
• Former designation as federal surplus property.

The officials with jurisdiction over the Section 4(f) lands must agree, in writing, with the impact assessment and the proposed mitigation.
5. **Transportation Projects That Have a Net Benefit to a Section 4(f) Property** – Applies to federally assisted transportation improvement projects on existing or new alignments. The Administration and officials with jurisdiction will make the determination.

### 447.04 Cultural Resources May Be Protected Under Section 4(f)

A property containing significant cultural resources is considered a Section 4(f) property. Section 106 of the National Historic Preservation Act defines the process for determining the significance of a cultural resource. Therefore, completion of a Section 106 evaluation is an integral part of the Section 4(f) evaluation. Both laws mandate consideration of cultural resources, but here are some key differences you should be aware of:

- **Section 4(f) requires a special effort be made to avoid the use of cultural resources by documenting that all possible planning was used to minimize harm. Section 106 requires consideration of the project effects on cultural resources.**
- **Section 4(f) applies only to agencies of the DOT. Section 106 applies to any federal agency.**
- **Section 4(f) applies to actual use or occupancy of the site. Section 106 involves assessment of adverse effect on the property. A direct correlation cannot be made between “use” and “effect.”**
- **The Section 106 process is integral to the Section 4(f) process when cultural resources are involved. The Section 4(f) process is not integral to the Section 106 process.**
- **The Section 4(f) process applies a more stringent analysis with respect to totally avoiding cultural resources than the Section 106 process.**
- **Archeological resources not considered important for preservation in place are not eligible for protection under Section 4(f).**

### 447.05 Railroads and Rail Transit Lines

Section 11502 of the FAST Act (23 U.S.C. 138(f)/49 U.S.C. 303(h)) exempts rail road and rail transit lines that are in use or that were historically used for transportation of goods or passengers from Section 4(f) review. The exemption applies regardless of whether the railroad or rail transit line is listed on or is eligible for listing on the National Register of Historic Places. However, the exemption does not apply to:

- Rail stations or transit stations.
- Bridges or tunnels located on a rail line that has been abandoned, lines that have been rail banked, and lines that have been reserved for future transportation of goods or passengers.
Chapter 457 Section 4(f) Evaluation

447.06 Section 6(f) Conversion May Be Required

Section 4(f) properties purchased or improved with money from the Land and Water Conservation Fund (LWCF) require additional work. Coordination with the appropriate federal agency will be required. Section 6(f) of the LWCF Act prohibits the conversion of such properties to non-recreation uses without approval by the National Park Service (NPS) or their state designee. Therefore, a Section 6(f) analysis is an integral part of the Section 4(f) evaluation if the project must use land purchased or improved from the LWCF.

While Section 6(f) and Section 4(f) often apply to the same resources they are parts of different laws and there are some key differences:

- Section 4(f) applies only to programs and policies undertaken by the DOT. Section 6(f) applies to programs and policies of any federal agency.
- Section 4(f) allows more flexible mitigation opportunities. Section 6(f) requires that impacted resources be replaced with lands of equal value, location and usefulness.
- Section 6(f) can apply on fully state funded projects where no federal nexus exists.

More detailed guidance for Section 6(f) conversions may be found in Chapter 455.

447.07 Section 4(f) Requirements May Differ for Other Federal Agencies

Section 4(f) is a federal requirement and must be considered in any NEPA document involving any USDOT agency (FHWA, FTA, FRA, and FAA).

447.08 Procedures for Completing a Section 4(f) Analysis

The Section 4(f) Evaluation procedure can be found on the WSDOT Section 4(f) Guidance webpage include:

- A process decision flowchart
- Evaluation requirements
- Discipline Report Checklist
- TSK 457-A: Describing a Section 4(f) Property
- Forms for documents Temporary Occupancy and De minimis Use for CE level projects
- Required wording for Final Section 4(f) Analysis
- PRO 457-a: Recommended Procedure for Conducting a Section 49(f) Evaluation
- Document distribution requirements
- An example graphic

447.09 Section 4(f) and Related Statutes

- Section 4(f) of the Department of Transportation Act 1966
- Section 106 of the National Historic Preservation Act 1966
- Section 6(f) of the Land and Water Conservation Fund Act 1965

447.11 Glossary

**All Possible Planning** – All reasonable measures identified in the Section 4(f) evaluation to minimize harm or mitigate for adverse impacts and effects.

**Constructive Use** – A constructive use occurs when the transportation project does not incorporate land from a Section 4(f) property, but the project’s proximity impacts are so severe that the protected activities, features, or attributes that qualify a property for protection under Section 4(f) are substantially impaired. Substantial impairment occurs only when the protected activities, features, or attributes of the property are substantially diminished.

**De minimis Impact** – For historic sites, de minimis impact means that the appropriate administering agency has determined, in accordance with 36 CFR 800, that no historic property is affected by the project or that the project will have “no adverse effect” on the historic property in question. For parks, recreation areas, and wildlife and waterfowl refuges, a de minimis impact is one that will not adversely affect the features, attributes or activities qualifying the property for protection under Section 4(f).

**Feasible and Prudent Avoidance Alternative** – A feasible and prudent avoidance alternative avoids using Section 4(f) property and does not cause other severe problems of a magnitude that substantially outweighs the importance of protecting the Section 4(f) property.

**Historic Site (Section 4(f))** – Any prehistoric or historic district, site, building, structure, or object included in, or eligible for inclusion in, the National Register of Historic Places. The term includes properties of traditional religious and cultural importance to an Indian Tribe or Native Hawaiian organization that are included in, or are eligible for inclusion in, the National Register.

**Officials With Jurisdiction** – As defined in 23 CFR 774.17, officials of the agency that owns or administers the property in question. For historic sites, the SHPO or THPO may serve as the official with jurisdiction.
Programmatic Section 4(f) Evaluations – Can be used in place of individual evaluations for highway projects where uses are considered minor. To date there are five programmatic evaluations that have been approved for use nationwide. See Section 447.03 of this chapter for criteria.

Section 4(f) Property – A publicly owned park, recreation area, or wildlife and water fowl refuge of national, state, or local significance. Also includes historic sites of national, state or local significance.

Use – “Use” of a Section 4(f) property occurs:
- When land is permanently incorporated into a transportation facility.
- When a temporary occupancy of land has an adverse impact on the resource that the park, recreation area, refuge or historic site was created to protect.
- When there is a constructive use of the property.
