## Recycled and Waste Materials

Type of Material Fly Ash - aggregates produced from

Uses  
for  
Material As a substitute for gravel

Product  
Specifications None at this time. Research being conducted now.

Source/  
Vendor

Used By Being researched in Germany

Results  
of Use

Reference Structural Engineering International, March 1991

## Recycled and Waste Materials

Type of Material Glass, Crushed Recycled Container Glass (CRCG)

Uses for Material Glassphalt, 10% mix in bottom layer Underdrain filter media

Product Specifications Presently screened to 2-inch minus -- Can be further crushed to meet smaller gradation requirements

Source/ Vendor Waste Management of North America/Recycle America, 7901 1st Ave. So., Seattle, WA 98108, (206) 762-

Used By NJDOT, NYDOT, Maryland DOT

Results of Use Unknown

Reference Application for Product Evaluation to WSDOT

## Recycled and Waste Materials

<u>Type of Material</u>	Glass, Waste
<u>Uses for Material</u>	As an additive to hot mix asphalt (glasphalt)
<u>Product Specifications</u>	<p>A maximum of 15% crushed recycled glass should be allowed (100% passing a 3/8-inch sieve and a maximum of 6% passing a No. 200 sieve) in HMA mixes.</p> <p>Hydrated lime should be added to the mix to prevent stripping.</p>
<u>Source/ Vendor</u>	Unknown
<u>Used By</u>	States of Connecticut and Virginia
<u>Results of Use</u>	Mixed - loss of adhesion between asphalt and glass
<u>Reference</u>	<p>Feasibility of Using Waste Glass in Pavements. Connecticut DOT, Report No. 343-21-89-6, June, 1989.</p> <p>Feasibility of Using Recycled Glass in Asphalt, Hughes, C.S., Virginia Transportation Research Council, Report No. VTRC 90-R3, March 1990.</p>

Recycled and Waste Materials

Type of Material Plastic (Milk or water jugs chopped into flakes)

Uses for Material Flakes used to manufacture highway drainage pipes.

Product Specifications Unknown

Source/Vendor Rhode Island's Materials Recycling Facility

Used By State of Rhode Island

Results of Use Satisfactory but requires hand-sorting

Reference National Geographic, August 1991, pg. 136

Recycled and Waste Materials

Type of Material Plastic - Lumber

Uses  
for  
Material Sign posts, etc.

Product  
Specifications Unknown

Recycled and Waste Materials

Type of Material Plastic, recycled milk containers

Uses for Material Highway barricades

Product Specifications Unknown

Source/ Vendor "SafetyCade" by WLI Inc. for the DuPont Co.

Used By Illinois DOT throughout the state

Results of Use 60-day field tests satisfactory

Reference Roads and Bridges, May 1991

Recycled and Waste Materials

<u>Type of Material</u>	Polystyrene Blocks
<u>Uses for Material</u>	Lightweight fill
<u>Product Specifications</u>	Unknown
<u>Source/ Vendor</u>	Scott Worldwide Foodservice, Scott Plaza I, Philadelphia, PA, 19113, (800) 835-7268
<u>Used By</u>	WSDOT - District 4 - Slide Correction
<u>Results of Use</u>	Satisfactory after over 1 year
<u>Reference</u>	Scott supplied brochure

## Recycled and Waste Materials

Type of Material Tires, chopped waste tires

Uses for Material As an alternate permeable aggregate

Product Specifications 2-inch square chopped or 2-inch shredded rubber tires

Source/ Vendor Waste Byproducts, Portland, Oregon

Used By California DOT

Results of Use Laboratory tests only - deemed much too costly

Reference Used Tire Material as an Alternate Permeable Aggregate, Bressette, Terrie, Report No. FHWA/CA/TL-84/07, Office of Transportation Laboratory, California DOT

## Recycled and Waste Materials

<u>Type of Material</u>	Tires, discarded
<u>Uses for Material</u>	Shoulder reinforcement, channel slope protection
<u>Product Specifications</u>	Whole tire used
<u>Source/ Vendor</u>	Unkown
<u>Used By</u>	State of California
<u>Results of Use</u>	Satisfactory at this time
<u>Reference</u>	Implementation Package For Using Discarded Tires in Highway Maintenance, Nguyen, Mong X., Williams, John A., Office of Transportation Laboratory, California DOT, Report No. CA/TL-89/10, June 1989

Recycled and Waste Materials

Type of Material      Tires, scrap

Uses  
for  
Material              Asphalt rubber crack sealant

Product  
Specifications        Contains 20% ground tire rubber

Source/  
Vendor                Unknown

Used By                State of Texas

Results  
of Use                Very good - essentially the only crack sealer used

Reference              Researcher, Texas Transportation Institute, The  
Texas A&M University System, Vol. 27, No. 1,  
Spring 1991

## Recycled and Waste Materials

Type of Material      Tires, scrap

Uses for Material      Dock bumpers, landscape mulch, aggregate for leach beds, roadway fill, railroad crossing beds, parking curbs, drainage piping

Product Specifications      Unknown - used alone or in combination with other materials to produce above items

Source/ Vendor      Unknown

Used By      Proposed for use or used by NY State

Results of Use      Research in progress

Reference      Recycling Nontraditional Materials: A Resource Guide to New Technology Options, Center for Environmental Information, Inc., 46 Prince St., Rochester, NY 14607-1016, Phone: (716) 271-3550, Fax: (716) 271-0606

## Recycled and Waste Materials

<u>Type of Material</u>	Tires, whole or chipped
<u>Uses for Material</u>	Strengthening subgrades, retaining walls, sound barriers (w/soil covering), lightweight fill
<u>Product Specifications</u>	Proposed uses only
<u>Source/Vendor</u>	Unknown
<u>Used By</u>	Proposed use by State of Maine
<u>Results of Use</u>	Preliminary reports suggest further investigation
