SR 520 construction update

Decommissioning of the old floating bridge nears completion as crews (lower left) remove the final underwater piece of concrete column that supported a segment of the old west approach bridge. Photo taken: Dec. 8

West Approach Bridge North construction activities

During a Dec. 9-12 closure of SR 520, crews pour concrete for eastern spans of the West Approach Bridge North, near the new floating bridge. Photo taken: Dec. 10

After months of nighttime girder deliveries and installations, crews close in on completing girder placements in Montlake at the west end of the new, 1.2-mile-long West Approach Bridge North. Photo taken: Dec. 5

Fluted concrete columns for the new West Approach Bridge North stretch eastward toward the new floating bridge. Photo taken: Dec. 10

During a Dec. 9-12 closure of SR 520, excavator operators remove part of the old westbound SR 520 off-ramp to Lake Washington Boulevard. The old ramp crossed over the SR 520 mainline. Photo taken: Dec. 10
