## SR 520 construction update

Crews on Lake Washington continue removing girders and columns from the eastern segment of the old west approach bridge. Photo taken: Sept. 9

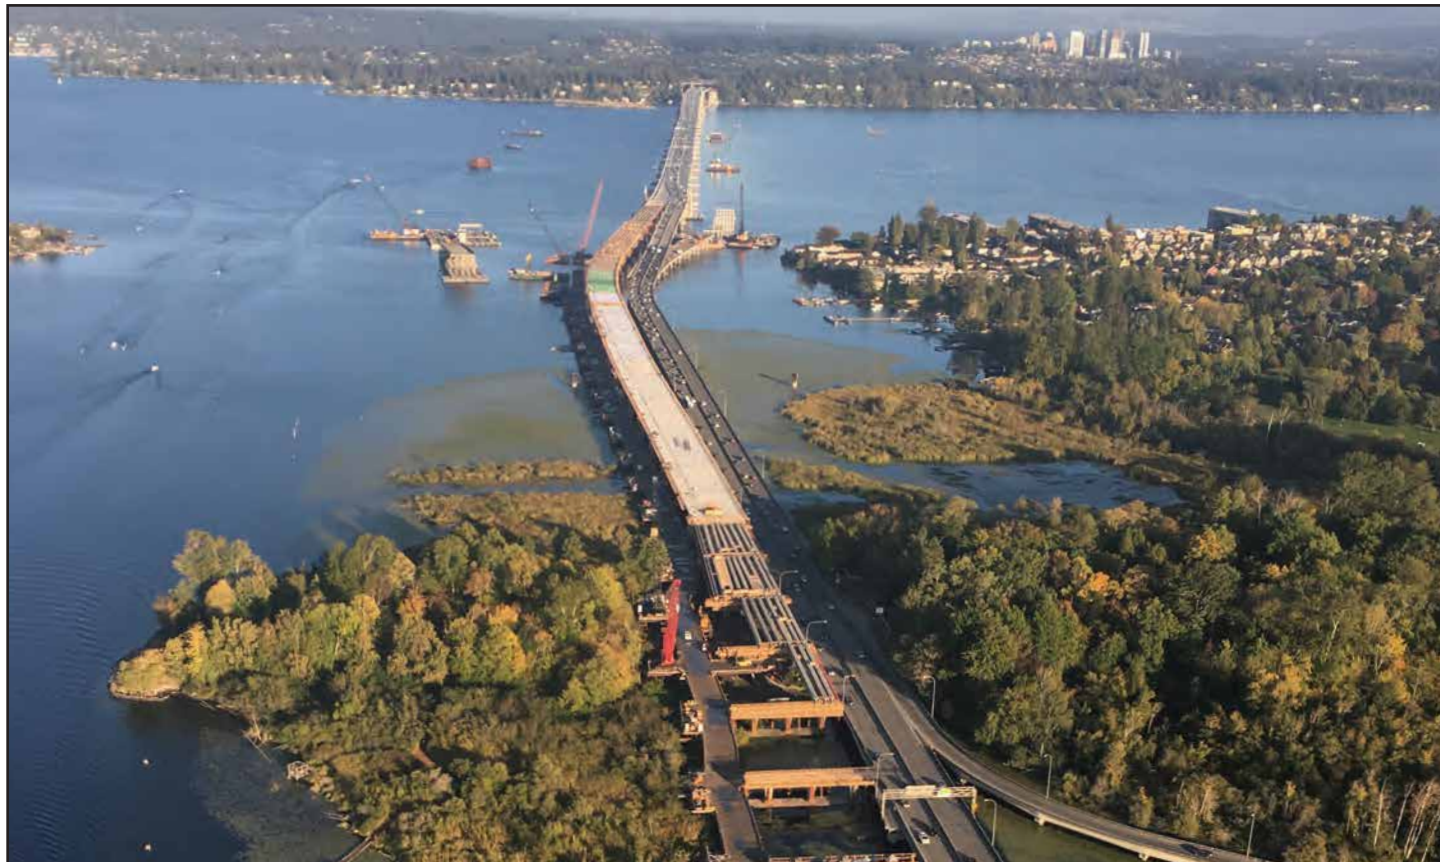

## West Approach Bridge North construction activities

Crews building the West Approach Bridge North pour concrete for the last of 95 columns that will support the new bridge deck. Photo taken: Sept. 16

The West Approach Bridge North's concrete deck is in place at pier 19. The new SR 520 regional shared-use path, at left, will extend from the Eastside to local trails in Seattle. Photo taken: Sept. 30

Crews in the foreground of this photo place girders and pour concrete for the West Approach Bridge North, which in the distance connects with the new SR 520 floating bridge. Photo taken: Sept. 28; courtesy of HDR.

Crews in the MOHAI staging area compact soil in preparation for SR 520's landside connection to the new West Approach Bridge North. Photo taken: Sept. 22
