

SR 520 Bridge Replacement and HOV Program

SR 520 construction update: August 2012

Floating bridge construction

Crews use a tug boat to guide Pontoon W through the Hiram M. Chittenden Locks on Aug. 14, 2012.

Pontoon V arrived on Lake Washington after a 260-mile journey from its casting basin in Aberdeen.

Shaft anchor installation takes place on Lake Washington near Madison Park.

Eastside construction

Workers guide a giant concrete culvert section into place. The new culvert will be over 230 feet long and help fish migration.

Demolition of the old Bellevue Way overpass takes place during a full weekend closure of SR 520 on Aug. 10-13, 2012.

Crews place fresh concrete to form a new lidded overpass on the Eastside.

Americans with Disabilities Act (ADA): This material can be made available in an alternate format by emailing the WSDOT Diversity/ADA Compliance Team at wsdotada@wsdot.wa.gov or by calling toll free, 855-362-4ADA (4232). Persons who are deaf or hard of hearing may make a request by calling the Washington State Relay at 711.

Title VI Information: WSDOT ensures full compliance with Title VI of the Civil Rights Act of 1964 by prohibiting discrimination against any person on the basis of race, color, national origin or sex in the provision of benefits and services resulting from its federally assisted programs and activities. For questions regarding WSDOT's Title VI Program contact Jonté Sulton at 360-705-7082 or SultonJ@wsdot.wa.gov.
